# Port Introduction

## Copenhagen, Denmark

Copenhagen deserves its accolade as the Venice of the North. Founded on a series of islands and islets, the city today is laced with graceful canals and boasts some of the most delightful architecture in Northern Europe. See the fabled statue of Hans Christian Andersen's Little Mermaid, a symbol of the city. Stroll along the old harbor of Nyhavn, lined with cafés, restaurants and 500-year-old gabled houses. Browse the superb shops on the world-famous Stroget or view the Rococo palaces lining Amalienborg Square. Best of all, savor the taste of local delicacies while wandering the paths of Tivoli Gardens, one of Europe's most celebrated pleasure gardens.

## Oslo, Norway

Forest-clad slopes plummet to an island-studded fjord. Welcome to Oslo, Scandinavia's oldest capital city. The commercial center of Norway, Oslo has been a major trading port for over a millennium. Its harbor is crowded with shipping that ranges from cruise ships to workaday shrimp boats. Though a relatively modest city in size - some 550,000 Norwegians call it home - Oslo is one of the largest capital cities in the world in terms of area.

## Berlin(Warnemunde), Germany

Berlin is a worthy rival to London or Paris in terms of history, art and culture. The city's highlights include the restored Reichstag Building with its magnificent glass dome, the Brandenburg Gate and the stunning Museum Island. Explore the old Cold War hot spots and view the Brandenburg Gate, restored to its original magnificence. Or, stroll along the Kurfurstendamm and take coffee in a local café.

## Tallinn, Estonia

Like Latvia and Lithuania, the Baltic republic of Estonia has survived a turbulent history. The small nation was conquered and ruled by the likes of Teutonic Knights, Polish princes and Russian Tsars. For 51 years, Estonia remained a pawn in the Soviet empire, until the burgeoning freedom movement led to independence for the Baltic Republics in 1991. Like its sister republics, Estonia maintained its ties to the Western tradition, retaining the Latin alphabet and Catholic and Protestant faiths. Once a member of the historic Hanseatic League, Tallinn is the political, commercial and cultural center of Estonia.

## St. Petersburg, Russia

Russia's "Window on the West," St. Petersburg remains one of the world's most beautiful metropolises. Perched on the banks of the Neva, the city is crisscrossed by canals. Two great architects helped bring Peter the Great's vision of St. Petersburg to life: Rastrelli and Carlo Rossi. The rich architecture that resulted features a mixture of styles from ornate Russian Baroque churches to neo-classical palaces. St. Petersburg has also been the cultural soul of Russia, a repository of priceless art and a home to poets, musicians and composers ranging from Pushkin to Shostakovich.

## Helsinki, Finland

The center of Finnish commerce and culture, Helsinki is home to some 616.000 people. Much of the city's neoclassical architecture dates from the period of Tsarist rule, which began in 1809 after political control of Finland passed from Sweden to Russia, Finland gained its independence in 1917.

## Stockholm, Sweden

Often described as the "Capital of Scandinavia," Stockholm traces its origins back seven centuries, when it was founded on the island of Gamla Stan and became the capital of Sweden. Today, the city covers 14 separate islands connected by bays, channels and inlets. The skyline is a sea of copper roofs grown green with patina, towers, spires and graceful cupolas stand sentinel over the historic Old Town (Gamla Stan). With its population of nearly a million people, Stockholm is one of the world's most beautiful, clean and orderly cities.
